- Candidates for Fourth Year Trustee President and Vice President must be undergraduate students or fifth-year Education School students graduating in May 2021.

Second Year Class President

One Position Available

President of the Class is an elected position voted on by all members of the class. The person in this position is expected to interact on the behalf of the Class with the administration, faculty and staff of the University.

Specifically, the President must foster and maintain good relationships with the Alumni Association, the President's Office, the Deans of the six Undergraduate Schools, the Office of the Dean of Students, and University Career Center.

The President is responsible for overseeing all of the activities of the Class, selecting the Class Council members and Committee Chairs with the assistance of the Vice President, as well as planning and leading Council meetings.

The President should help the council executive committee and members remain focused on pursuing the mission of Class Council. They must serve as the leader of the council, providing direction and vision to the rest of the council body. As the President must constantly keep "the big picture" in perspective, the selection of the Council body and the Committee Chairs is the first and probably most important function of the President. Ultimately, the Class President is accountable for all Class Council programs and initiatives by the Class that they represent.

Candidates interested in running for this position must meet with the Second Year Council Advisor, Julia Bartus-Dobson (jcb9ed@virginia.edu), prior to the start of elections. Please email Julia to set up a brief 15 minute appointment.

Second Year Class Vice President

One Position Available

Vice President of the Class is an elected position voted on by all members of the class. The Vice President shares many of the key duties and roles of the President. Ideally, this relationship is a partnership where both officers should feel equally comfortable in leading meetings of the Council, taking responsibility of individual Class initiatives, and assisting and directing the work of the committees.

The President and Vice President should pre-determine the logistics of their relationship; i.e. what duties and responsibilities should be performed by each person. The Vice President works with the President to interview and select Council members for the Class, serves as the treasurer for the Council, and serves as the liaison between the committee chairs and the President.

The VP will report directly to the President about the status and progress of Committee activity. As Treasurer for the Council, the VP must preserve fiscal responsibility for the Class accounts. This will be

done by maintaining a budget for the Council, paying all bills for the Council, advising committee chairs on financial concerns, and maintaining frequent and effective communication between the Council and the funding source, whether it be the Dean of Students office or the Alumni Association. Additionally, the Executive Vice President may be asked to “fill in” when the President is unable to fulfill his or her duties.

Candidates interested in running for this position must meet with the Second Year Council Advisor, Julia Bartus-Dobson (jcb9ed@virginia.edu), prior to the start of elections. Please email Julia to set up a brief 15 minute appointment.

Ultimately, the Class President is accountable for all Class Council programs and initiatives by the Class that they represent.

Candidates interested in running for this position must meet with the Third Year Council Advisor, Julia Bartus-Dobson (jcb9ed@virginia.edu), prior to the start of elections. Please email Julia to set up a brief 15 minute appointment.

Third Year Class Vice President

Ideally, this relationship is a partnership where both officers should feel equally comfortable in leading meetings of the Council, taking responsibility of individual Class initiatives, and assisting and directing the work of the committees. The President and Executive Vice President should pre-determine the logistics of their relationship; i.e. what duties and responsibilities should be performed by each person.

The Vice President works with the President to interview and select Council members for the Class, serves as the treasurer for the Council, and serves as the liaison between the committee chairs and the President.

Fourth Year Trustees President

One Position Available

President of the Class is an elected position voted on by all members of the class. The Class President serves for life. The person in this position is expected to interact on the behalf of the Class with the administration, faculty, and staff of the University. Specifically, the President must foster and maintain good relationships with the Alumni Association, the President’s Office, the Office of the Dean of Students, and the University Career Center.

Overall, the President is responsible for overseeing all of the activities of the Class, selecting the Trustee body and Committee Chairs with the assistance of the Vice President, as well as planning and leading Trustee and executive committee meetings.

The President should help the Trustee executive committee and members remain focused on pursuing the mission of Class Council. They must serve as the leader of the Trustees, providing direction and vision to the rest of the council body. As the President must constantly keep “the big picture” in perspective, the selection of the Council body and the Committee Chairs is the first and probably most important function of the President.

The President, with the Trustees, plans social and academic programming for the class (ranging from class dinners and Lighting of the Lawn to career panels and wellness events) and coordinates the class giving campaign, Valediction, and the class awards presented at Valediction. The President also focuses on bringing the graduating class together and creating a lasting and permanent affection for the University and the Alumni Association.
